60' x 200'

## Hay Fresh

EPA Registered hay and feed preservative for use on baled hay, high moisture ear corn, shell corn, barley, silage, haylage, feed blends and other high moisture grains. Prevents fungus growth to help hay, silage or other stored feeds keep their value in storage. Stabilizes nutrients and allows hay to keep its green color—a sure sign of hay health.

## MOLASSES

We are proud to offer a variety of Liquid feed supplements for dairy and beef cattle needs. These products may be feed as an additive to your TMR program or free choice via a lick tank on pasture or in pens on farm.

Lick tanks are 300 gallons and are rated to service 25 head for approximately one month (depending on forage quality, size of animals and season of the year.) We offer lick tank and bulk tanks to rent or purchase.
